

親愛的弟兄姊妹，

謝謝你們的禱告。

我的健康：我現在出院回家了。回顧一下，在周一9月8日一大早，我無法小便，所以我去桃園醫院的急診室（從我家5'）。由於這是一個節日，他們插導尿管用於排空膀胱和叫我回家，明天再來。我第二天早晨回到了醫院的急診室。因為我發高燒，我可以住醫院。開始為尿路感染（UTI）吃藥。我很快就開始感覺好多了。9月10日（星期三），他們取出導管。雖然最初我能夠小便，由凌晨11日上午，我無法排尿，以便將導管重新插入。雖然抗生素藥物通過白細胞計數降低成功，我繼續發高燒。因此，與第二消炎藥治療開始。截至周二9月16日，無論是發燒和白細胞計數多正常。他們第二次取出導管。雖然一開始有沒有煩惱小便，由早上凌晨3點左右，我正在努力小便。當時我還在沉思彼得前書2：21-25，神似乎在告訴我：“把這個病給我。”這樣做后，尿液開始自由流動。讚美上帝。我是9月18日（四）出院。現在我累了，晚上和我睡不好了約9個小時。我吃藥，并會回去的血液和尿液檢查10月14日就到我的葡萄腺。從這個經驗，我看到神用醫學和醫生的知識相結合（治愈泌尿道感染）和直接治療（自由小便）。在我住院期間，我感覺我的心臟真正的喜樂和平安。所有的一切，一個非常積極的經驗，我感謝上帝。

元智大學：新的學期的開始。有100個學生要上"新舊約聖經"（星期五早上）。請為這些學生禱告。比較多的學生是第一次碰到聖經。

母親：她很困惑。有時，她是幸福的，有時不開心想回家

白小明

September 26, 2014

Dear brothers and sisters,

Thank you for your prayers.

Short update on my health: I am now home from hospital. Early in the morning of Monday September 8, I was unable to urinate and so I went to Taoyuan's hospital's emergency room (5' from my home). Since it was a holiday, they inserted a urinary catheters are used to drain the bladder and sent me home -- all taking about 15 minutes from arrival to discharge! I returned the next morning to the hospital's emergency room, as I had a high fever and was promptly admitted to hospital and treatment started for Urinary Tract Infection (UTI). I quickly started to feel better. On September 10th (Wednesday) they removed the catheter. Although initially I was able to urinate, by the early hours of Thursday morning, I was unable urinate so the catheter was reinserted. While the antibiotic medicine successfully lowered by white blood count, I continued to have a high fever. So treatment with a second antibiotic medicine started. By Tuesday September 16, both fever and white blood cell counts were normal. They removed the catheter for a 2nd time. While initially I had no trouble to urinate, by about 3AM in the morning, I was struggling to urinate. At that time I was meditating on 1 Peter 2:21-25 and God seemed to tell me "give this sickness to me." After doing this, the urine started to flow freely. Praise God. I was discharged from hospital Thursday September 18. Now I am tired at night and am sleeping well for about 9 hours. I am taking medicine and will go back for blood and urine tests October 14th with regard to my prostate gland. From this experience I see God using a combination of medicine and doctor's knowledge (to cure the UTI) and direct healing (to urinate freely). Throughout my stay in hospital, I felt real joy and peace in my heart. All-in-all, a very positive experience for which I thank God.

Yuan Ze University: Another semester has started. Many students taking the class Introduction to Christianity (Friday mornings at Yuan Ze University). Please pray for these students as this is their first interaction with Christianity for many of them.

Mother: she is quite confused. Sometimes she is happy and sometimes unhappy wanting to go home.

All for now,
Jonathon
